

MARATIB ALI

PROJECT HSE MANAGER

EXECUTIVE PROFILE

Accomplished HSE leader with **approximately 20 years of experience since 2006**, encompassing **3 years in building construction** and **17 years across enabling works, marine works, infrastructure, and piling projects** throughout the UAE and the wider Gulf. Trusted to safeguard landmark developments for clients including Aldar, Eagle Hills, Etihad Rail, and TDIC, with proven command of ISO 9001, ISO 14001, and OHSAS 18001 systems, permit-to-work regimes, and emergency response planning across some of the region's most demanding sites.

CURRENT EMPLOYMENT

Al Dhafra Pipeline & Contracting WLL **MAR 2012 TO PRESENT** PROJECT HSE MANAGER · ABU DHABI, UAE

- Maintains and implements the site **HSE plan** together with firefighting, emergency evacuation, lifting, security, waste management, and traffic plans.
- Leads **investigation of all accidents, incidents, near misses, spills, and fires** to establish root causes and drive corrective actions to closure.
- Directs **hazard identification, risk assessment, and job safety analysis**, building safety awareness through meetings, presentations, and structured training.
- Administers the full **Permit to Work (PTW)** framework with job and isolation risk assessments, and plans safety arrangements for marine and enabling works.
- Assists in implementing and maintaining **ISO 9001, OHSAS 18001, and ISO 14001** certification, supporting the Corporate HSE Manager on client requirements and compliance.
- Conducts weekly and monthly safety meetings, fire, first aid, and evacuation drills, and regular **HSE audits and inspections**, ensuring compliance with Abu Dhabi Maritime guidelines while embedding PSSR across the workforce.
